### Ruin with land near Boliqueime

A ruin of good dimensions with a very pleasant rural environment, with open views to the Algarvean Mountains.

The land is completely flat which will give you a fantastic garden, with excellent access and very central. Just a few kilometers from urban centres such as Boliqueime and Loulé, as well as tourist centres such as Vilamoura.

There are a few neighbouring houses nearby but this does not compromise the privacy of this property. Excellent location to build a dream house in the tranquility of the countryside but with everything you need very close by.

- Flat plot / Tarmac access and very quiet countryside area
